Introduction

sdea is pleased to present the new 'PR Planner 2007' compiled and published by the Association exclusively for members.

This Press Directory will act as a useful guide for your advertising and publicity campaigns and incorporates features planned during 2007, an alphabetical list of retail, shopfitting and display publications and a classified index of these publications.

We will send you updated feature lists regularly throughout the year as supplements to this Directory.

Contents

Section One **Page 3**

Features on our industry planned for 2007

Section Two **Page 9**

Alphabetical List of Publications - complete details of industry magazines, incorporating editorial contacts, together with circulation figures and publication dates.

Section Three **Page 39**

Classified List of Publications - under 42 trade headings.

This directory has taken a great deal of time and effort to prepare and despite our attempts at perfection we appreciate that there may be errors or omissions which have escaped our notice. We would be grateful if members could bring these to our attention.
